OFFICE OF LEGISLATIVE COUNSEL

Thursday - 16 November 1961

1. (Unclassified - JSW) William Johnson, Executive Director of the Joint Economic Committee, telephoned to invite Mr. Dulles to be a member of a panel concerned with East-West trade matters. The Joint Economic Committee is currently considering various matters of foreign economic policy and as a technique they are using general discussions rather than witnesses as such. The date for this particular panel is December 3 and Sam Pizar and Clark Kerr of the University of California will be the other members. Johnson was aware that Mr. Dulles might not be the DCI at this time and felt that this might be an additional reason why the Joint Committee would want him to appear. I advised Johnson that I would look into the matter and advise.

4. (Confidential - GLC) William Saltonstall, in the office of Senator Leverett Saltonstall, called to say he was working on a foreign policy speech which the Senator would deliver early next year and asked if Mr. Warner or I could discuss some of the points of the speech with him within the next few days. Arrangements will be made to see him tomorrow.
